PROFILE 🧑

As an AI engineer with a passion for robots, I have honed my skills over the
course of 7 years of experience. My expertise in AI and ML has enabled me
to become a senior AI engineer at OpenAI.

EXPERIENCE

Microsoft

2025-2026
Worked as an intern at Microsft from November,2025 to May,2026. Was
ranked one of the best interns in my batch. Got a full-time job with a CTC of
54 Lpa.

Microsoft

2026-2028
Worked as a full-time employee at Microsoft for 2 years. Headed a project
with 15 people under me. Ranked employee of the month 7 times.

OpenAI

2028-current
Joined OpenAI to pursue my passion. Worked for 2 years as Junior AI
developer. Later got promoted as Senior AI developer. Headed 3 projects.
Looking forward to work on more projects.

PROJECTS AND PAPERS 💡

1. University Management System - Front End
2. Application to report missing people
3. Java web application to find best hospitals nearby
4. Application of chaos theory in real life
5. Mathematics in TIC-TAC-TOE
